## INFORMATION

**LOCATION.** Our nursery is located in Cheshire, Conn., on the College Highway, twelve miles north of New Haven. Trolley Cars running from New Haven to Waterbury, pass directly through the nursery. Good roads from New Haven to Waterbury, Meriden and Wallingford enable you to motor from any of these cities.

**CONDITIONS OF SALE.** Five or more plants of the same variety and size will be furnished at the ten rate, fifty or more at the hundred rate, five hundred or more at the thousand rate.

The prices quoted do not include transportation charges. No packing charge is made except for boxes, which are charged at actual cost.

Our nursery stock has been inspected by the State Nursery Inspectors. A copy of the Inspection Certificate accompanies all shipments. All stock is of high quality, thrifty, native grown, and is carefully dug and packed. Having no control over the stock after it leaves our nursery, we cannot guarantee the life of the stock. We will, however, be glad to consider any just complaint which is made within a reasonable time.

Evergreens of the ornamental sizes are dug with a ball of earth and this ball is covered with special burlap which may be left on the trees when they are planted.

If you live within a short distance of the nursery, an order of reasonable size will be delivered to you by truck without charge.

Illustrated catalog will be sent on request.
